Farm Chronicle – An Agriculture Newsletter

Instructions to Authors for Preparation of manuscript for our newsletter

Authors are invited to submit articles on Agriculture, Horticulture, Food Science & Technology, Dairy Technology, Biosciences, Biotechnology, Biochemistry, Genetics and Plant breeding, Environmental Science, and Fisheries & Animal Science that are beneficial for agri entrepreneurs, students, scientists, progressive farmers, and agricultural experts.

Articles must be sent to editor.farmchronicle@gmail.com as an email attachment for reviewing and modifications. **Articles submitted through alternative platforms will not be accepted.**

Authors are responsible for ensuring the authenticity of their content. **Plagiarized articles are not eligible for publication in our newsletter.**

Peer review of articles and manuscripts should be done based on the editor's suggestions, and the article should then be asked to be revised.

The article will be sent to your email as a soft copy in the respective e-Newsletter. The PDF can also be obtained from the website.

Acceptance or rejection of an article for publication is solely at the discretion of the Reviewer Board Members.

Note: Our goal is to include all submitted articles in the upcoming issue; however, if we receive more than expected, we may choose to include a subset of them in a subsequent issue. Accordingly, we ask that you be patient and hold off on publishing your article until the newsletter's next second issue.
